

## **MX 800 (T)**

Expert-class trinocular microscope

- Biological microscope
- Revolving nosepiece for 6 objectives
- 5 objectives Plan Achromat ICO Infinitive
- Wide field eyepieces 10x/20 mm
- Built-in illumination: 24 V halogen, 100 W
- Two-level slide stage with specimen holder for 2 slides
- Color digital camera with high resolution

# MX 800 (T)

Biological microscope with digital camera

1

## MX 800 (T) trinocular microscope

Research biological microscope with trinocular head for mounting a digital camera. If necessary, the slide can be viewed through the eyepieces

2

## CAM® V2500 digital camera

The digital camera displays the image of the slide on the monitor screen. High resolution and excellent colour reproduction provide a clear image of the micro slide.

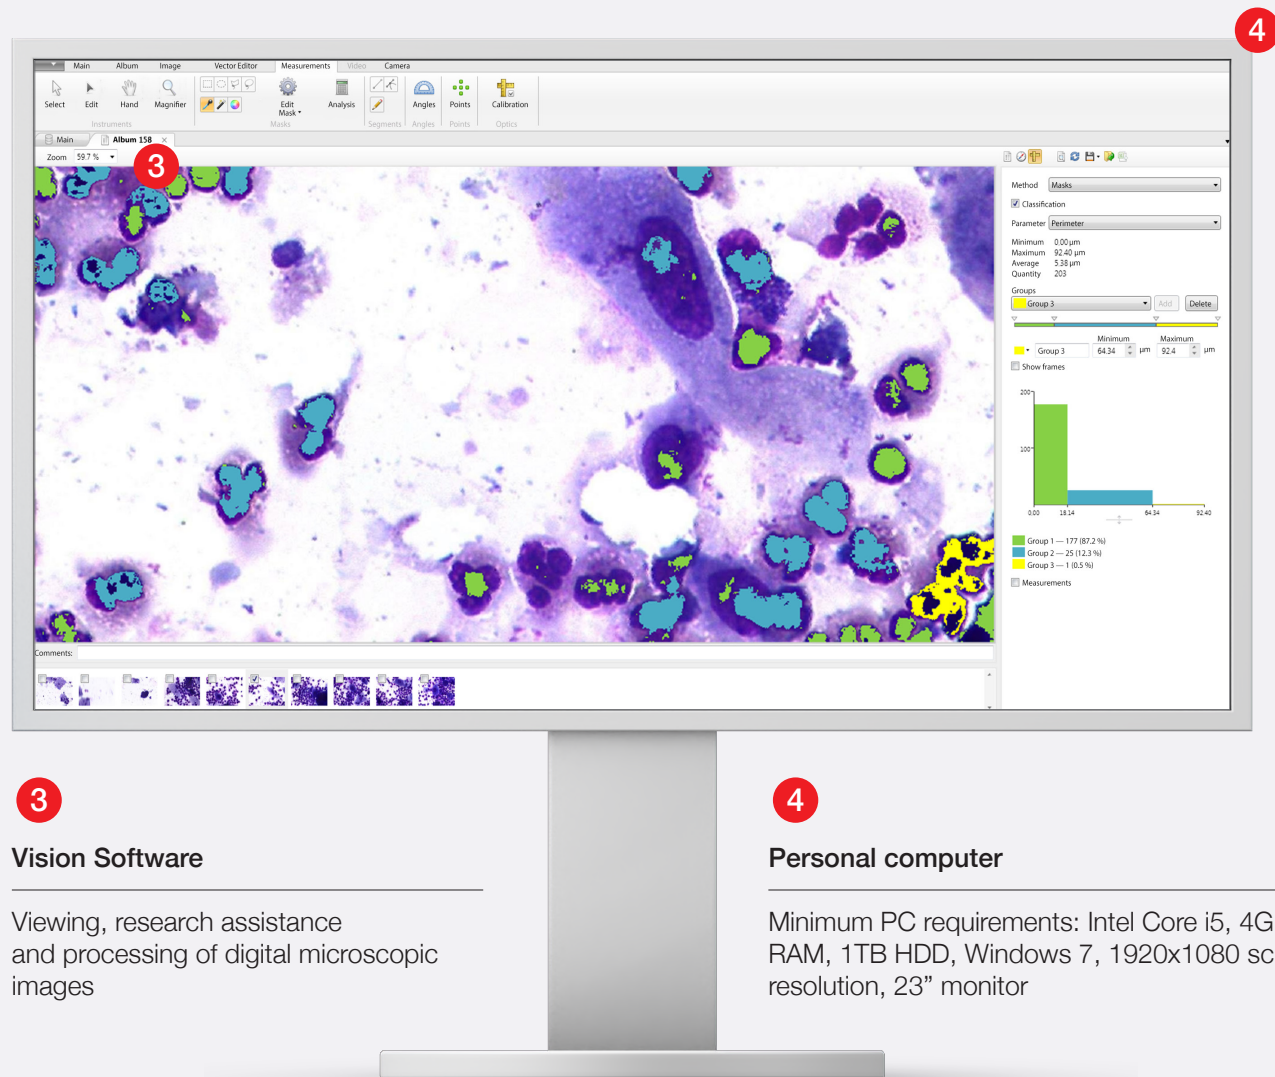

## Key features

- Compensation trinocular head
- Revolving nosepiece for 6 objectives
- 5 objectives Plan Achromat ICO Infinite
- Extra wide-field eyepieces 10x/20 mm
- Built-in illumination: 24 V halogen, 100 W
- Two-level slide stage with specimen holder for 2 slides
- Phase-contrast objectives (optional)
- 20MP digital camera with 5472x3648 resolution
- Vision Capture digital camera software

# Vision

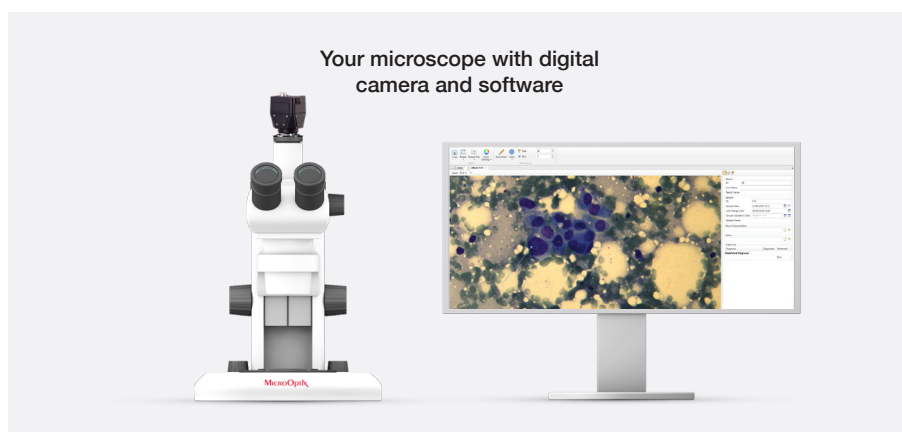

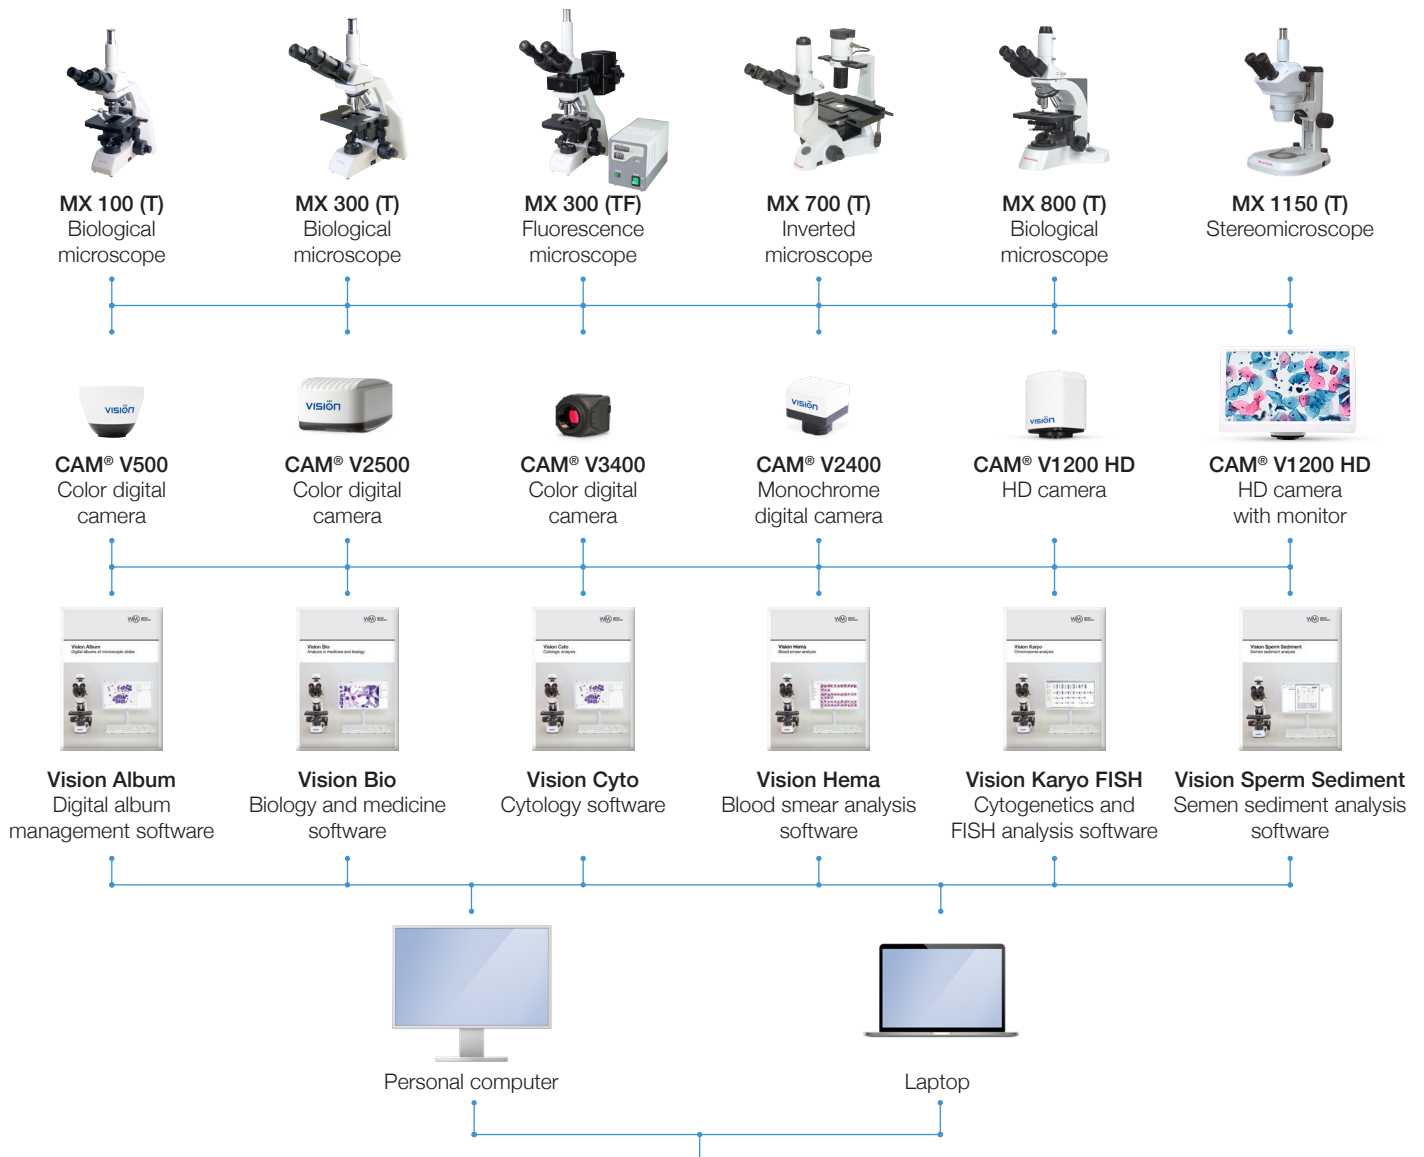

Software for data analysis and organization in microscopy

## Vision Software

- **Vision Album**  
Digital album management software
- **Vision Bio**  
Biology and medicine software
- **Vision Cyto**  
Cytology software
- **Vision Hema**  
Blood smear analysis software
- **Vision Karyo FISH**  
Cytogenetics and FISH analysis software
- **Vision Sperm Sediment**  
Semen sediment analysis software

# Solutions of your choice

Pre-classification has to be validated by the specialist reviewing the galleries of cells.  
Please check the intended use and the registration in your local regulation.  
Depending on the regulations of the respective region, some products may be used for research purpose only.  
We reserve the right to change specification without notice.
